

A 15-hour code update class on changes in the Michigan Electrical Code is required prior to the renewal of your 2010 license.

The RECI has assembled classes that include both evening and weekend schedules.

The program is also approved for education credits required by electrical inspectors.

Certificates

A Roster will be mailed to the State Electrical Board for your State license renewal and a certificate will be available to you for your records.* You **MUST** attend all sessions and have your attendance verified by stamped validation to earn a certificate.

* City of Detroit Licensees will need to send in a copy of their Certificate to their licensing Board for their renewal.

State Approval # **07-079-05**
